Letters from The Editors, and adviser, Mrs. Shea...

Letter from the Adviser:

What is paradise? The history of the word paradise exemplifies the very definition of the word: "something better than what it used to refer to." The original meaning of paradise began in the area of ancient Iran, known simply as a wall around a garden or orchard. The ancient Greeks expanded upon the meaning to include the garden, itself, and the word wasn't used in English until thousands of years later in about 1200. How has the meaning of paradise been refined over time? Literally, it has come to signify a place or state of extreme beauty, delight, happiness, or bliss. This literal definition of today sets the stage for the theme of this yearbook, because it is in searching for paradise that we seek happiness, strive to meet our goals, and achieve something better than what used to be.

What is **your** paradise? There is no one answer and that is what is *so* compelling about this question. Paradise is unique to each individual because each one of us has different likes, dislikes, hopes, dreams, and desires. In this yearbook, you find one literal interpretation of "paradise," cliché even! Palm trees, sunsets, and warm sand evoke feelings of relaxation and rest from everyday life. When you look at this yearbook, I challenge you to identify what paradise means to you, and seek it out.

Let this yearbook be a constant reminder to you of where you came from, and what you have accomplished. You have been given the building blocks to infinity. You hold the keys to unlock the gate. The future is what you make of it. That is not to say that paradise simply happens. Challenges await you; danger is a reality in our greater society. Face these obstacles with courage, determination, and endurance. It is in overcoming the obstacles that makes your ultimate goal or dream—your paradise—that much more special, that much more significant. Use your experience from Whitman-Hanson as a stepping stone to what you truly want, and get out there: begin "**Searching for Paradise**!"

Letter from the Editors:

Dear Students and Friends,

Throughout all the hard work and effort put into this yearbook, we, the editors have had the best time laying out the 2006-2007 *Retrospect.* In the process of making this, memories surfaced and emotions came. It is our privilege to put together such an important yearbook for you all.

This is more than just a picture, one snap shot. This is a collection of the best times throughout this year and a collage of friends and school. From one picture, a thousand thoughts can be recalled. This is one of the only possessions that you can keep, look back on, and laugh. Laugh, cry, remember as you think about the friends you left behind and the memories made while in high school.

We have spent a lot of time in making this yearbook perfect and we hope you enjoy it as much as we have. Thanks so much for helping us create a scrap book of the "best times of your life." We wish you the best of luck and may you succeed throughout your journey of life.

Never let anyone discourage your dreams, and as always, never stop *Searching for Paradise.*

Freshman Year

It was the end of summer, the sun was still high
To our Middle School life we had just said goodbye.
We were freshmen in High School and everything changed,
New directions to head in, our plans rearranged.

We were smaller than most and we didn't fit in,
We got lost in the hallways we traveled within.
The school was so tired and covered in mold,
Yet we fell in love with the new and the old.

We had to wear pink, but we wore it with pride.
Our freshman status, we could not hide.
The seniors all smiled and laughed at us
And taunted, "Freshmen, TAKE THE BUS!"

A lot of our teachers came along for the ride,
It was great to at least have them on our side.
Our favorite, of course, was Madame Monaghan
(Who was just like George Feeny, except not a man).

That year the greatest show came to an end;
What would we do without all of our Friends?
The food fights were crazy, so they had to stop.
Who likes to be hit by the gross turkey slop?

Remember the portables? –so cold and so creaky.
The thought of chipmunks in math class is still kind of freaky.
Yes, the school was slowly falling apart,
But we covered the history hallways with art.

Soon to be sophomores, we never looked back.
We were firmly entrenched in the red & the black.

Sophomore Year

When September rolled around the new school year looked bright.
Come rally day we'd be decked out in white.
No longer freshmen, we thought we were so cool,
We were ready to party, our last year at the old school!

We painted the ceilings, the lockers, the walls,
What a colorful sight as we walked down the halls.
And while we all cringed at the smells and the mold,
We couldn't be happier with the day off for the cold.

The tsunami took us all quite by surprise,
And so did the Red Sox with their victory cries.
While it was breaking news that Martha Stewart was jailed
We all prepared for MCAS and prayed no one failed.

March Madness proved to be quite a delight,
When Thrasher stripped—Oh, what a sight!
And while we'd heard rumors and stories galore,
"The Wave" still managed to cause quite an uproar.

When it came time to leave the old school behind,
We knew that its memory would live on in our mind.
The final bell rang and we hurried to leave,
That we'd never be back, we all couldn't believe.

Another year down, and only two more,
Before we knew it, we'd be done with all four.

Junior Year

The old Whitman-Hanson was knocked to the ground,
And in a brand new school we could now be found.
We had seven periods instead of just four,
But food and water weren't allowed in class anymore.

Powderpuff was cancelled due to bad weather,
But everyone knew that the juniors were better.
Senior boys ripped off their shirts, thinking they're buff,
But once Donny was done, they weren't that tough.

With winter on the way, we had tons to do,
Semi, sports, midterms and holidays too.
Hockey and basketball made the state tourney,
Another reason to remember our junior year journey.

A chemical spill sent us out in the cold,
But late night Wendy's never got old.
Rumors of gangs didn't cause too much fear,
But Nick and Jessica's split brought many a tear.

The Canoe Club was a hit, Prom was a blast,
The last days of junior year were slipping by fast.
We got a taste of the freedom senior year would bring,
When we parked our cars in the last days of spring.

With car keys in hand and summer plans made,
Our junior year memories would never fade.

Senior Year

Driving over the bump, we're finally here;
Parking in the lot, it's our senior year.
Seven periods no more, five classes a day,
And this new seminar causes teachers dismay.

Friends of Steve Irwin all wear black,
As everyone's getting sick of the war in Iraq.
The race for governor became Patrick versus Healey.
The Democrats emerged, a new dynasty really.

The question of rally was there every day.
Eventually, pink was turned into grey.
On the day of the rally, the color pink won.
When Donny came out, the juniors were done.

Yearbooks ordered, and caps and gowns sized,
College apps and the real world may cause our demise.
The headache of Framingham is gone from our minds,
But the SATs still kicked our behinds.

Semi in Middleboro, a winter-wonderland dance,
Prom night under the stars, with friends and romance.
After Banquet, Breakfast, and Barbeque fun,
Graduation is near, and we're almost done!

Diplomas, memories, and friendships galore,
The close of this journey opens a new door…

I will always remember the Panthers and it's kind of hard to explain what I feel. When I came here I didn't have any friends and my team received me like family. The only thing I can say is thanks to the people who made me feel very welcomed. To the Panthers, maybe someday we'll play together again. See you and remember that if you can dream, you can do it.

"My idea of Paradise is that I'm laying on the beach, with a soft drink, thinking about my Algebra 2 class period 5....When you leave WH, keep in mind that Math has a lot to do with reaching Paradise. You need to know how money works and to understand finance, because if you don't know how to handle your money, you can go into the negative and then it's harder to reach Paradise." -Mrs. Joyce

"My idea of Paradise is that I would be lounging on a beach in the Carribean watching the Red Sox game while drinking diet Pepsi and eating grapes dripped in brie with the lifeguard, Mark Wahlberg, as we listen to Alanis Morissette in the background....Paradise is accesable to everyone. If you are an accomplished reader or writer you can access Paradice any time and don't have to learn."

According to Head Coach Sean Clifford, this football season was "a step in the right direction." With an average of 18 points a game, offensive players such as Kyle Armstrong and Ryan Otis made it happen. Let's not forget senior backs Luke Kelliher, Ben Ford, Peter Treviso, and Nate Clergy. There's a group that certainly new how to "get 'er done." Combined with the efforts of All Scholastic Defenders Nick Baker and Luke Kelliher, the Lady Panthers came out of this season with 6- 5 overall record, and a 5-4 record in the ACL. Not too shabby, boys!

The Whitman-Hanson boys' Varsity Soccer team had a very intense year with many important games along the way. Their season played out very well with a record of 7 wins 6 loses and 5 ties overall. This season could have not been what it was without the coaching of Mr. Barrington. He gave the boys words of wisdom and strength to go out there and play their best. As Mr. Barrington always said, "We are one," which means they must play together as one team not individuals. They had two very intense games this season against Marshfield and Nausett. The Marshfield home game brought in the biggest crowd Whitman-Hanson has ever seen. Also,the biggest Away game for the Boys Varsity was when they beat Nausett for the first time at their own turf. There were three players that stood out in Mr. Barrington's eyes the whole year. They were Sean Szczesny offensive player, Kevin Cordaro, a defender and Mike Lombardo with his amazing saves helped them to victory. The leading goal scorer for varsity was Mike Ford who Mr. Barrington said, "He is skillful with his head and feet." As you can see the Boys Varsity Soccer team had a very successful year and lets hope it happens again next year too.

The Whitman-Hanson girls' varsity soccer team gave the whole south shore "something to talk about" this season. They "flied high" as most of the girls would say, seeing as that was their motto. Ending the season 18- 3, the team repeated ACL Champions. Their style of play was quick and skillful, with sophomore stars Kristie Mewis and Devin Petta leading the league in scoring. The team scored more goals than any other previous Whitman-Hanson team, and the defense also recorded many shutouts with Lauren Folan starring in net. Going into the state tournament, they were ranked number one in Division One for the first time ever. They went on to beat Dennis-Yarmouth and Dartmouth until losing to Marshfield in a 1-0 upset at home. They were hoping to go all the way, a close team just as much off the field as off the field... Yet, no matter what, they sent a message no other team has sent in Whitman-Hanson history.

The 2006 Golf Season was one to be remembered. Led by senior captains Josh McKenna and Jared Peters, the golf team had one of their most successful seasons. The Panthers got off to a rocky start with a 1-4 record, but through the leadership and stellar play of McKenna, Peters, sophomore Ryan Benton and senior Garrett Walsh, the Panthers fought back during the season to put themselves in contention for a spot in the state tournament for the first time in school history. The Panthers fell one victory shy of qualifying, but finished the season strong winning 6 of their last 8 matches to end the year with an overall record of 8-10. Seniors Derek Miller and Ben Haley, and sophomores Ben Norris, Brett Goldman, and Ryan Ambrose also made significant contributions throughout the season.

"This was an amazing golf season and I can't believe it's over. This year was by far the best and funniest season I have ever had. I got to know and be friends with some great kids and had fun doing a sport I love so that made for a great senior year."
-Jared Peters

"Golf was a great time to be with your friends, fool around, and have a blast doing it!"
-Derek Miller

"The golf season was one of the best experiences I ever had on a team. And much of that is due to my teammates making it a fun and successful season."

The year started off with a loss, but left the girls determined to beat last year's record of three wins and seventeen losses. The team had all but four returning players, seniors and Captains Ashley Armstrong, Amanda Coombs, Nicole Donofrio and returning junior, Alicia Rideout. Having the

four returning girls, there was a lot of time and preparation done by the coaches before the girls' first game against Hanover. Through the year the girls improved a lot, beating teams that they lost to the year before year. With positive feedback given by the three captains, Ashley, Amanda, and Nicole helped the team every step of the way. The most exciting game of the year was the nail-biting win against Hanover [3-2], who was until that point, undefeated. It was a huge upset to the town of Hanover and gave the Whitman-Hanson girls a boost to go on and finish their season eight and twelve. The girls gave it all they could until the very end of each game. Coaches were impressed and were happy to end their season with a win against Pembroke [3-2]. The girls had reached their goal and beat their record from the previous year of three and seventeen.

This team over achieved from day one. Any coach will tell you that their favorite team is one that over achieves. And the reason the athletes were capable of such great performances was the preparation made over the summer. Plain and simple these runners paid their dues by running great summer workouts. All their work paid off.
And, I really appreciate the great leadership we receive from the captains, They were fantastic.

The boys Cross Country Team, with an amazing undefeated season, with 10 wins and 0 losses, defeated numerous towns including Brockton, Marshfield, and Sandwich. Although they were unable to finish in the top ten, finishing 13th, the whole team should be proud of their efforts and hard work this season. Several of the boys on the team, including Bill Taft, Mike McDermott and Travis Wright made the Brockton Enterprise All Scholastic Team. Hopefully next year can be just as good for the boys and they can continue to dominate on the track.

Girls Cross Country

Whitman-Hanson Cross Country is a well-known sport here at Whitman-Hanson. The girls, ranking 9th in the Division I state wide, should be proud to wear that title. With a 7 wins and 3 losses record, these girls should give themselves a pat on the back. Caitlin Ryan, a freshman at W-H should be proud to be titled "Rookie of the Year." An amazing runner, Caitlin received All Scholastic for the Enterprise, along with Jill Kelly, both freshman and Laura Cunningham, a junior at Whitman-Hanson. Jill Kelly also received All Scholastic for the Patriot Ledger, which is extremely hard to receive, especially for a freshman. The girls here at Whitman-Hanson have worked extremely hard to get where they are now and hopefully next year can be just as good or even better for them.

This season all the girls worked really hard and improved their skills over the years. They did really well in their competitions coming in first in many of them. They showed strength and ability to work as a team and it completed a composite out-come. The girls became very close to one another and it made it easier to work together. They have been through some hard times in the beginning but they pulled through stronger than before. This season the girls showed that they were truly unbelievable, unbeatable and untouchable.

Notable Quotables

"This was a very special season for our team. No one was ever looking for individual glory or attention, all that mattered to every member of our club was our goal of becoming the first team in school history to win a league championship. It was a long road and a tough challenge, but with their unselfish approach they secured their goal before a packed gym on February 6, 2007 by beating Quincy, 71-64. It meant a lot to all of us to do it at home and share the accomplishment with all of the students, parents and friends who supported us along the way. Our team motto has always been, "mean it" – this team has redefined what that saying really means."
-Coach Rodgers

"Off to a great season, team looks solid, if we continue to work we should finish strong." -Ben Ford

The biggest moment in winter sports history happened this year as the boy's basketball team took the ACL title home to Whitman-Hanson. This School will always have those tremendous moments in our head, the crowd on their feet, jeering the Quincy Presidents with calls of "warm the bus up!". The slow deliberate movements of Mike Ford, senior guard, as he wasted seconds to keep the ball in Whitman Hanson possession, and the flashes of the countless cameras as he threw the ball into the air and the crowd stormed the court, high fiving and hugging and jumping up and down as if we won our first ACL league title in Whitman Hanson history. No words can describe the emotion in the crowd when we won. We all won. We've had many disappointing seasons in the past, but the last few years, thanks to some great players and of course, Coach Rodgers, our luck has clearly turned around.

Girls Basketball

A rebuilding year for high school sports team shouldn't yield a winning record. It shouldn't include key non-league wins and a South Sectional State Tournament birth, and it absolutely shouldn't result in a fourth consecutive league championship. The 2006-2007 basketball season was supposed to be a rebuilding year for the Whitman-Hanson girls' basketball team, yet they are in a position to accomplish all of that before the end of the season.

Despite dropping a couple games early in the season to North Quincy and Rockland, the Panthers have recovered with style, losing only once in the past eleven games. Most championship teams look to senior leadership over the course of the year, but the Panthers have found their own all-stars in sophomores Emily Trapp and Ali Hardiman who remain to be top contributors each game. Of course the senior trio of Kate Nicholson, Emily Adams and Jenna Venuto provide solid defense and timely offense, but underclassmen just aren't supposed to carry a team to the top of a league.

The players can't receive all the credit though. While some may have overlooked Coach Daley's worth because of the abundant talent the team always seems to produce, with names like Jackie Branca and Jeannie Lotti, this season is a tribute to his legacy. Faced with injuries, inexperience and incredible losses from last year's team, Coach Daley has yet again put his team in a position to take home the ACL crown. A few good seasons scattered about is expected from a solid high school basketball coach, but what Daley has done consistently is put together team after team with different.

Wrestling

Wrestling is a tradition here at Whitman-Hanson and through the years the team has had it's ups and downs. This years team was a great success and was filled with a whole group of strong seniors. As a group the wrestling team concurred most of their goals and came together as a great team this season. Even though the team was faced with a few injuries this season their varsity line up they were able to pull through and had younger wrestlers that were able to step up to the plate and wrestle in the injured upper classman's stead. We look forward to watching the team grow stronger as the season progresses and as the underclassman being to journey onto their future wrestling careers.

It's been a tough year for Whitman Hanson hockey. They opened the season with a loss to King Philip, the defending Hockomock League champs, and a defeat to Martha's Vinyard and North Quincy in the following two games. There was a slight change of pace in the next games against Abington and sandwich as they walked away with a tie from each. It was not until the panther's fifth game there were able turn the tables and walk away from Rockland with a 7-2 victory. Not only that but Lou McDonald, Peter Colby, Jame Comerford, Mike McDermott, Brenden Martin, and Pat Egan all recorded their first goals of the 2006-2007 season. The victory however was short winded as they fell back with two additional losses and yet another tie. An away game at Bridgewater-Raynham broke the streak once again with a close 2-1 panther win thanks to solid goaltending under pressure by Kyle Murphy and goals by Bobby Ciulla and Dan Hogan. Another loss at Falmouth was followed by a victory vs. Plymouth South. Props to Matt McDonald for his relentless goaltending in his first varsity victory and to goals by Mike Roycroft and Dan Hogan who now leads the Panther scoring with a total of 12 points followed by Colin Garrity with 9. A loss to Plymouth North and Marshfeild followed the win, but there's still time for the Panthers. With at least four games left in the season there may be time for them to redeem themselves a bit and there is always next year. Good luck boys!

Special Olympics

The Special Olympics is a year long sport. Training begins in early September and athletes participate in various games and competitions through late June. At the regional and state level, their competitions include Bowling Games in Kingston, Winter Games in Worcester, Track and Field games in Boston. Worcester and Boston are both three day trips that are looked forward to by the athletes as both social and atheletic events. As a group, the Olympians also take part in other activities such as class trips to the beach, apple picking, hiking, and fundraising events. In keeping withthe team moto "Let me win, but if I cannot win, let me be brave in the attempt," athletes always try their best and therefore every experience is a wnning experience

This year we say goodbbye to one senior, John Lundgren. We wish him luck and would like to thank him for his years of cooperation and camaraderie. Good luck to you in the coming years!

Whitman-Hanson Panthers [7]

VS.

Abington Green Wave [12]

Thursday November 23, 2006

The Whitman-Hanson Varsity football team concluded their season with a difficult loss to Abington on Thanksgiving. The Panthers went into the game as the underdogs with a record of 6-4; whereas the Abington Mohawks were undefeated with a record of 10-0. Abington came into the game thinking that they were going to walk all over the 6-4 Panthers but the Panthers held their own and only allowed two touchdowns. The Panthers also managed to score on an outstanding run by Junior Beau Barnes; who also kicked the extra point for the Panthers. Abington's offense proved to be too strong for the Panthers as they went on to march down the field the entire game. Although, the Panther's defense did force Abington to punt several times, but Abington's passing game was the determining factor even in the dismal weather.

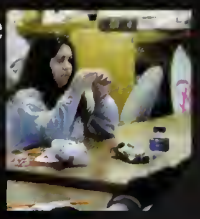
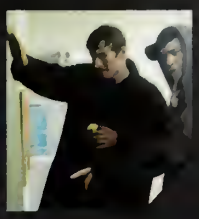
Compass

"I like that it is fair, not equal. Every student is treated as a unique person." -Chris Hamblin





Here at Compass, it is very different compared to the traditional school day. Everyday students and staff will come in for a breakfast meeting. Afterwards students are divided into two classes based on year of graduation in academic classes: English, History, Science, and Math. Students also participate in elective courses including current issues, physical education, art or technology, and life skills. Afterwards lunch is held. After lunch a Compass "Meeting" is taken place to review the day and the students' progress in the program. It also gives a chance for students and staff to bring up any concerns they may have. For the last hour of the day Compass has individual project time, remediation, physical education, and important Compass Work-Study. Although our day is different we still take education very seriously and form a part of our Whitman-Hanson learning community. Together everyone is given the chance to strive for their own goals and reach their paradise.

Colophon

The student yearbook staff and adviser, Mrs. Lisa Shea, produced the 2006-2007 yearbook of the Whitman-Hanson Regional High School. This year's book was sold for $60-$80, depending on when it was ordered. There were 450 copies printed. The book consists of 208 full-color pages. Programs used to create the yearbook include Adobe InDesign CS2 and Adobe Photoshop. Students created pages in a computer lab, and yearbook room, on a total of 30 computers.

Student underclass and senior portraits were provided by Prestige Portraits by LifeTouch, Inc. Most candid photos were taken with Canon, Nikon, and Kodak digital cameras, with other photos being sent to the yearbook staff from students' personal images. Teachers Ms. Susan Moss and Mr. Kevin Black also provided photos.

The book was printed by Jostens Printing and Publishing Division; the WH/Jostens Consultant is Tara Anderson.

Questions and inquiries about this book may be directed to the yearbook staff: WHRHS, 600 Franklin Street, Whitman, MA 02382; 781-618-7450; yearboo@whrsd.org

This yearbook may not be reproduced by anyone without the consent of the 2006-2007 editors and adviser.

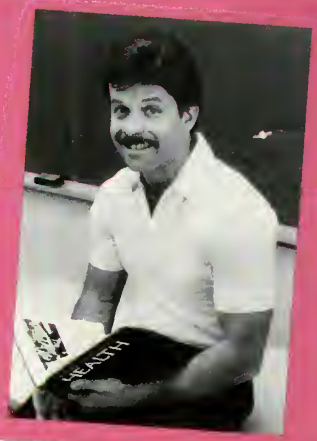
A special thanks goes out to Principal Pamela Gould for her support of the growing journalism programs at WHRHS. Good luck in your future endeavors!

I feel fortunate to have been able to absorb some of her wisdom and I will miss her tremendously in the years to come. But I still expect her to come to lunch every week! -Mr. Ryan

Thanks for teaching me the ropes my first few years of teaching. You always have good advice – because you've been through it all. That's why you are Boss Moss.
-Nina Consalini

"There are very few people who love WH more than Ms Gould. We are going to miss her."
-Mr. Floeck

"It is often difficult to find the right words to express a thought, I can say that P.E. will not be the same without him there. I appreciated his support and guidance as a new faculty member and have enjoyed the humor he brought to our department. His dedication to the perfession has not gone unnoticed. Congratulations and best wishes on your retiement."
Heidi Martin



"Susan helped me so much when I first started here. She offered me so much help and encouragement and I truly appreciated all she did for me. She was also one of the first teachers to reach out as a mentor to new teachers starting in the profession. She loved her students and working here a WHRHS." Pamela Nawrocki

Ms. Roan dedicated her career to serving the students of Whitman-Hanson for over thirty years. In that time, she was a strong force in the English department, advocating for what was best for students and teachers. In that time, many aspects of education changed, but her commitment to high standards and student preparation did not waver."
